

Privacy Policy

Updated 20th of June 2019

MEETOPTICS helps a global community passionate about Optics and Photonics to find optics. We know you care about how your information is collected and how it is used, this is why we take your privacy very seriously and make every effort to safeguard your personal data.

This Privacy Policy describes how we collect and treat your information from all our websites, emails, social media accounts and services, and provided direct to us at events, trade shows, conferences, workshops or services inquiries (herein together "MEETOPTICS", "we" or "us").

We have implemented data security measures in accordance to global regulations including the European GDPR, Spanish LOPD, United States and Swiss regulations. If you believe that we may have collected information that does not comply with your country's regulation, please [contact us](#).

This privacy policy may be updated in order to adapt to new legislation.

What information do we collect?

1.- Non-personal data collected automatically such as tracking information, IP addresses or other data related to usage on the MEETOPTICS website.

This type of information is used to determine how users interact with the MEETOPTICS website. We save information about what searches users make and which products are added to the cart or selected as favourite. Other areas of the site automatically store non-personal information in order to improve the user experience of the site.

We may collect non-personal information about the devices you use to access the site such as IP address, geolocation information, unique device identifiers, screen resolution, browser type, operating system and settings, browser language, access times, and referring URL.

2.- Cookies that help us to deliver our service and adapt the service to you on your visits. They are not used for advertisement or to inflate the listed price or manipulate demand.

Cookies are small text files stored by your web browser that store information about how you interact with websites. Cookies are often used to store your preferences, to record your usage of a website, and to enable user dependant features.

Cookies help us track usage of the MEETOPTICS website. We may save information about what search terms you use, which search filters you use, and the search parameters you use. This gives us a mechanism to understand how you use the site over time so that we can provide you with the best user experience according to your expressed preferences and also develop and deliver a product that meets your needs. We also save information on when you follow a link to a provider or click an order button in the cart, so that we can inform providers of referrals.

We may collect and use your location data (such as your country) to provide a proper estimation of the products distributed in your region and be able to estimate the delivery time. You can change the settings on your computer or mobile device to prevent your location data from being shared. If you wish to opt-out of tracking and cookies, please manage your privacy settings on your browser, or select other ways to turn off cookies and/or ad features.

When accessing MEETOPTICS, we inform you about the use of cookies and by continuing to use MEETOPTICS you give us informed consent to use them within the terms of this Privacy Policy. If you don't agree to our use of cookies, or you change your mind about having given us your consent [contact us](#) with your request or stop using our services.

You can choose in your browser options to not allow cookies, or to indicate when a cookie is being set. If you do not accept cookies, you may not be able to use some features of MEETOPTICS search and we recommend that you leave them turned on.

3.- Personally Identifiable Information that you provide directly to us when contacting us and that identifies you as an individual.

At events such as conferences or meet-ups, we may collect and process your personal information including your name, address, telephone number and email address, and other preferences such as profile, photos, workshop and activity choices.

If you have a concern about the privacy of your personal data using the website or otherwise, please [contact us](#). If you would like to view, change or delete other Personally Identifiable Information that you have previously provided to us, please [contact us](#).

Who is collecting the information?

MEETOPTICS belongs to MEETOPTICS LABS S.L., Carrer de Jordi Girona, 1-3, C3 S1, 08034 Barcelona.

MEETOPTICS LABS S.L. controls the processing of the Personal Information related with MEETOPTICS.

What is the information used for?

Personally Identifiable Information that you provide directly to us is only used to provide your requests for services and information. For example, using your contact information to respond to your customer service requests.

We may use this information to prevent illegal activities, to enforce the MEETOPTICS Terms of Use, or as otherwise required by law.

Non-personal data collected automatically and cookies are used to create a more personalised experience for users. We and our optical component partners use your personal information to process your quotes requests. The partners may use this information for the development of products and services according to your preferences.

Who do we share the information with?

We do not share Personally Identifiable Information with third-parties except by legal obligation, in which case, you would be informed beforehand.

MEETOPTICS connects with Google Analytics which collects non-personal information and uses cookies so that we can create a more personalised experience for users. To ensure that this data is kept non-personal we do not share your full IP with Google Analytics.

In some cases, we may integrate external software such as Google's Invisible CAPTCHA that collects non-personal information about users for security reasons, and google fonts, where you browser will ask google to download the fonts to visualise the site correctly.

We use cookies and non-personal information to enable us and the third parties we partner with to design more suitable products for you based on your search preferences.

How do we make sure your data is protected?

To protect and prevent unauthorized access to your personal information, maintain data accuracy, prevent accidental loss, destruction, damage or theft of data, MEETOPTICS implements and maintains security and organizational measures with physical, technical and administrative controls. Please note that no method of transmission over the Internet is 100% secure.

Remember, when visiting a third-party site from MEETOPTICS that we do not control the privacy policies of other parties, so please check before browsing those sites to ensure you agree with their terms.

Children's privacy

As stated in our [Terms of Service](#) MEETOPTICS is not to be used by people under the age of 16. If we learn that we have collected any personal information from someone under the age of 16, we will delete it from our database. If you believe that we may have collected information from someone under the age of 16, please [contact us](#).
